Iqra University, Islamabad | Semester 7 (Ongoing) | CGPA: 2.80 / 4.00

Intermediate in Computer Science

Completed

Army Public School & College, Bagh AJK | Marks: 750 / 1100

PROJECTS

Personal Portfolio Website

HTML | Tailwind CSS

- Developed a fully responsive portfolio to professionally showcase projects, skills, and educational background to potential employers.
- Utilized Tailwind CSS for modern UI design and efficient styling, ensuring fast load times and mobile-first responsiveness.
- Organized content with a clean, intuitive interface improving visitor engagement and overall user experience.

MovieBox Clone

React.js | JavaScript | HTML | Tailwind CSS

- Developed a responsive MovieBox-inspired web application using React.js, JavaScript, HTML, and Tailwind CSS.
- Built reusable React components for Navbar, Hero Section, Movie Cards, and Category-based movie listings.
- Enhanced frontend skills through component structuring, UI design, and state handling in React.

SELF-LEARNING & DEVELOPMENT

- Learned HTML, CSS, Tailwind CSS, JavaScript, and React.js through online resources and hands-on practice.
- Developed responsive web applications and personal projects to strengthen frontend development skills.
- Practiced API integration, state management, routing, and responsive design principles.
- Built reusable React components and implemented modern UI designs.
